Forecast for Sunday 17 Nov 2024

Weather: Cloudy or partly cloudy overnight with the chance of the odd shower, these wintry over the summits. Bright spells during the morning with occasional showers, again wintry over the summits. Cloud increases and lowers in the afternoon with showers merging into longer outbreaks of rain, heavy at times.

Chance of cloud-free hill tops above 800m: 70% becoming 20% in the afternoon, close to nil later.

Low Cloud and visibility: Occasional cloud around the summits at first, becoming extensive, base 600m or less during the afternoon, down to 300m or less at times in the evening. Visibility good or very good at first becoming mainly moderate to very poor through the afternoon and evening.
